## **Nikon CoolPix S1 Digital Camera**

**\$375.00**

**Item URL: [http://www.belaircamera.com/nikon1126\\_1.php](http://www.belaircamera.com/nikon1126_1.php)**

The S1 has a five megapixel CCD, a three times folded-optics zoom lens (a first in a Coolpix) and a 2.5" LCD monitor (another Coolpix first). The S1 also features some Coolpix technology such as Face Priority AF, in-camera red-eye fix and D-Lighting. The (admittedly pretty stylish) Coolpix S1 will be available in three colors; black, silver and white, it will be out in April at about US\$ 380. Additionally there will also be a waterproof case available.
